Queen's – West O'ahu opens first service

Imaging Center provides x-rays and ultrasounds

The Queen's Medical Center – West O'ahu celebrated the grand opening of the Queen's Imaging Physician's Office Building (POB) – West O'ahu on December 10, 2013. The facility is now accepting patients for x-ray and ultrasound services. It is the medical center's first service in West O'ahu.

"We are pleased to be able to bring these much-needed services to our West O'ahu neighbors and

look forward to continuing to provide more quality healthcare to this vibrant, fast growing community when our hospital opens in spring 2014," said Susan Murray, senior vice president of The Queen's Health System, West O'ahu Region, and chief operating officer of The Queen's Medical Center – West O'ahu.

The Imaging Center, called The Queen's Imaging POB – West O'ahu, is located on the first floor, and accepts patients Monday through Friday from 8:30 a.m. to 5 p.m., and Saturdays from 8 a.m. to 12 p.m. X-ray services are available on a walk-in basis, while ultrasound patients will require an appointment. Imaging patients can make an appointment by calling (808) 691-3663. Ample free parking available on campus and the ground floor location makes it easy for patients to access the facility.

Located on the former Hawaii Medical Center (HMC) West campus, The Queen's Medical Center – West O'ahu is scheduled to open in spring 2014.

Queen's officially acquired HMC West from St. Francis

Healthcare System of Hawaii on Dec. 14, 2012. The campus was then named The Queen's Medical Center – West O'ahu.

Ruby Tuesday's quiet opening a huge success

With little fanfare, the popular American-style casual dining restaurant opened at Kapolei Commons at the end of October 2013. But it has been anything but quiet at Ruby Tuesday, with the restaurant averaging 90 percent every day since it opened.

"The response has been phenomenal," said owner Rick Nakashima. "It has turned out to be everything we thought it would be, and we have a very excited crew ready to serve our customers."

Now open for breakfast, lunch and dinner, Ruby Tuesday is a big draw for area residents and their families who are especially busy with holiday shopping. Football fans are also flocking to the sports bar, which has five TVs that can broadcast every NFL game on the air.

Question: What's the origin of the name Ruby Tuesday?
Answer: It was inspired by The Rolling Stones' number 1 hit, "Ruby Tuesday" written by Keith Richards in 1966.
